We will be playing using 5th Edition of D&D. This will be a custom-written adventure run by three experienced DMs in three separate halls over 3 sessions (plus intro and wrap-up). We will pre-generate a series of characters (starting at 2nd level) for players to choose from in advance of the game. This will give players a chance to customize their characters and give them some background and traits. There will be 3 teams of 6 adventurers competing for the glory and prize awaiting them at the end of the adventure.

Price for the weekend starts at: \$250 per person (single / shared occupancy) or \$300 per person (double occupancy) - this includes gaming, accommodation, costume, food & snacks, the tavern, the medieval feast, and activities. The price for the weekend is based on a special event fee of \$150 per person plus the cost of our on-site medieval tent accommodations.

Accommodation options include 7 double tents, and 2 tents with shared accommodation tents. Prices vary with your choice of tent and if it single or double accommodation. Prices provided on request.
